Systems Ltd.

Cutting edge simplicity

ATM Vestibule

MAGNETIC STRIPE CARD READER

FEATURES & BENEFITS

- Controls access to ATM vestibules, ensuring safety and security of users
- Reads the magnetic stripe on the back of any track 2 bank card
- Superior outdoor durability provides unwavering reliability in even the harshest of weather conditions
- Fiber-reinforced polycarbonate reader cartridges are highly impact resistant over a wide range of temperatures
- Available in mid-rail, mullion and synergistics-size models for a variety of mounting options
- Sonalert and bi-colour LED provide auditory and visual signals of access granted or denied
- Designed for easy integration with automatic door operators such as the handicap feature
- Day/night mode allows free access during the day while requiring a valid bank card for night access

READER MODELS

Midrail Style

Synergistics-Size
Perfect for Synergistics retrofit.

Mullion Style

All models read any track 2 ABA card, activate lock output and require 12 V-20 VA plug-in transformer for power.

ACCESSORIES

Surface Mount Box
For mid-rail style reader.

Mullion Extender
For mullion style reader.
Required for shallow mullion.
